

Aluminium

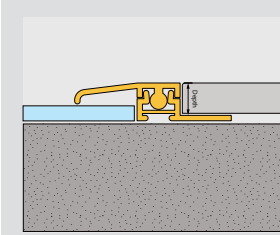

ADJUSTABLE TRANSITION PROFILE

ALUMINIUM

A two part Aluminium profile with an adjustable ramp used between two surfaces of different heights to prevent a trip hazard and protect the edges of adjacent floor coverings. Features a strong PVC base for securing below adhesive or mortar bed.

USAGE

PROFILE DIMENSIONS

CODE	COLOUR/FINISH	DEPTH-MM	LENGTH-M
TPA100/AA	ALUMINIUM MATT	10	2.5
TPA125/AA	ALUMINIUM MATT	12.5	2.5
